CORRECTION: Update on COVID-19 Outbreak at CMMC

A message to all CMH team members from Steven G. Littleson, DBA, FACHE, President, CMMC

Happy Wednesday

CMH COVID positive numbers are relatively stable with addition of only one team member. There are still a few team members who are isolating at home but all should be returning to CMH campuses by August 9th. All students will be returning by August 9th unless we hear otherwise. There will be another update on Friday after our morning call with the CDC.

Any team member who is exhibiting symptoms of COVID and needs to call out of work should contact **Occupational Health.** If you require testing, please do **not** go to 287 Main Street location as we are only seeing the public at this location.

Team members who have been **instructed by Occupational Health** to get a COVID test should go to one of the following:

- CMMC ED Every day 7 a.m. to 10 a.m.
- Bridgton & Rumford Hospitals ED or Outpatient Lab Every day

Team members who are on vacation/Choice Time or off of work should see their PCP/Family physician, Urgent Care or ED. Please note, you will be evaluated by a provider and charged for this visit. If your provider requires you to have a COVID test, the charge will be covered by your insurance. **(Please click here for more details.)**

New web-based screening tool: Survyio

Based on CDC guidance, and in an effort to ensure the safety of our team members and patients, all Central Maine Healthcare team members will be requested to utilize an electronic screening tool each day for signs of possible COVID-19 infection before reporting to work.

Those who will need to utilize this screening tool include all team members, contractors, providers, and residents entering CMH facilities.

Screening sites will include the following:

- 60 High Street
- 12 High Street

- Physician Parking Garage at CMMC
- 29 Lowell
- Bridgton Hospital
- Rumford Hospital
- Bolster Heights
- Rumford Community Home
- CMMC Warehouse
- All Practice Locations

Starting on Thursday, August 6th, all team members will receive sign up instructions through iCare to click and sign up for this program. Sign up includes team members entering their Name, Employee ID, Primary Location, and preferred method of receiving daily reminders to check in – that choice is either by text or email. **(Please click here for the presentation and here for more information and FAQs.)**

Visitor policy

At this time there is no change to our visitor policy. We will look at reviewing and revising next Tuesday, August 11. The YMCA and Gift Shop will also remain closed and their status will be reviewed next Tuesday as well.

It's Hump Day team and all looks positive! No pun intended. Please continue to keep up the great work as we couldn't do this without all of you. Look for another update on Friday.

Respectfully,

Steven G. Littleson, DBA, FACHE, President, CMMC
