

Important CMH Information

Governor Mills' announcement today

A message to all team members from CMH Interim President and CEO Steve Littleton, DBA, FACHE

As many of you may know, Governor Mills just announced today that all healthcare workers in Maine must be fully vaccinated against COVID-19 by Oct. 1.

Our top priorities continue to be your health and providing a safe and caring workplace for you.

Our Incident Command leadership is now evaluating the implications of this announcement and will be prepared to address questions tomorrow afternoon at a CMH leadership meeting.

In the meantime, we remain very committed to doing everything we possibly can to answer your questions, address your concerns and make the vaccine more accessible.

Steve Littleton, DBA, FACHE
Interim President and CEO, CMH
