**CMMC TRANSFER WAITLIST:** 8

**SERVICES CURRENTLY IMPACTED:** Inpatient Pediatrics, Trauma Admissions, STEMI Admissions

### TODAY'S UPDATE

CMH is addressing a COVID-19 outbreak at Rumford Community Home. As of today, there were 28 confirmed positive COVID-19 cases among residents and 9 among CMH team members. Residents who have tested positive are being isolated in order to prevent further spread of the virus, and team members who have tested positive will not report to work until they have completed their quarantine. Frequent COVID testing for residents and team members- beyond what is required- is also taking place, in addition to all of the clinically indicated interventions to care for these residents and team members to ensure the best outcomes possible.

Yesterday, Rumford Hospital was on EMS diversion for approximately 1 hour due to ED overcrowding with 5 COVID patients.
