TODAY'S UPDATE

1. When you screen for COVID-19 symptoms in the morning, if you have potential COVID-19 symptoms, you **MUST** contact Occupational Health before reporting in to work. We have opened the **ED decon room at CMMC from 6a-8a** to test team members for COVID-19, and both Bridgton and Rumford Hospitals have comparable testing capacity. It is imperative that you **NOT** show up to work with symptoms unless you have been cleared by Occupational Health.
2. Visiting hours at CMMC have changed to 8 a.m.-6 p.m., seven days per week. The same visiting hours apply for Bridgton and Rumford Hospitals.
3. October 28th is the last day team members can report to work unless (a) you are a remote worker; (b) you have submitted an exemption form; or (c) you have received the final dose of your initial vaccine series at least 14 days earlier (on or before October 15th). Any team member who does not fall into one of these categories will be receiving additional information directly over the next several days.
