TODAY'S UPDATE

We are updating our visitor policy because of the dramatic increase in COVID. Starting Monday, Dec. 27, we will no longer have visiting hours and visitors will be allowed only for extraordinary circumstances and for very specific situations. The updated policy will soon be posted on the team member portal and on cmhc.org.

There is a planned changeover in the oxygen delivery system on T3 on Jan. 5. COVID patients on T3 will be temporarily relocated elsewhere at the hospital. Please watch for updates.

Please remember to abide by the occupancy limits of meeting rooms. Also, team members should not unmask to eat or drink within 6 feet of others and never do so in a non-designated hydration station or non-clinical area. This is especially important now with the omicron-driven surge across the county.
