TODAY'S UPDATE

We're delighted to welcome members of the Maine National Guard to CMMC! Seventeen members – five more than originally expected – arrived today from as far as Presque Isle and as close by as Lewiston. As trained nursing assistants, they will be key to opening up the swing bed unit on M2 and providing support to the Emergency Department and inpatient units. They plunged into the first day of orientation, learning about subjects like infection prevention, the donning and doffing of personal protective equipment, dietary matters, documentation and suicide precautions. Their tour of the facilities included a stop to meet with member of the media. Watch for coverage by local news outlets tonight.

If you see Guard members around CMMC, please thank them for serving alongside us on the frontlines of the battle against the pandemic.
