TODAY'S UPDATE

1. Reminder: No in-person meetings: All meetings in our health system will be virtual through at least Feb. 1. We will reassess the need for this COVID mitigation tactic at that time.

2. Department of Defense staffing resources: Our system is receiving up to 20 providers from the military. An advance team will arrive on Wednesday and the providers are expected to start their shifts Monday following orientation and shadowing over the weekend.

3. ICYMI – COVID-19 Therapeutics Update: The recording of the virtual town hall last week is now available on the team member portal. Pharmacy team members and providers came together to give the latest information on therapeutic treatment options and answer questions. Click on COVID-19 Updates in the portal for the recording.
